

Oct 1st, 2009

5:30-7:00 pm

**The Herman Miller Showroom
1177 Avenue of the Americas
(btwn 45th/46th) 17th Floor**

Cost: \$75

LEED STUDY GROUP

This workshop has been hugely successful! It will quickly prepare you for ANY of the LEED exams you plan to take including the new LEED Green Associate exam.

Updated version of the original "Evolutionary Breakthrough" LEED Study Workshop® developed and taught by Nora Fay, LEED AP. Nora draws from her educational background in Anthropology and Biology where she studied human evolution including linguistics. Nora's unique program use a "natural learning" approach that she'll demonstrate through examples of how the brain processes and stores information. Applying these theories, she will show you techniques to help you memorize and retain the massive amount of detail you need to know for any of the LEED exams. She will also share important facts about the new LEED exams and what you can do on test day to "free up your brain" so you can focus on the test. Though open to anyone, this workshop is intended for those who are already familiar with LEED credits and plan to take the exam soon.

Space is limited. Please register at www.noraefayleedap.com AND Please RSVP to sabrina_thompson@hermanmiller.com
